Programs

Mathematics Minor

(20 credits)

The Mathematics minor is a great partner to a variety of majors at Albertus, including Biology, Chemistry, General Health Sciences, Accounting, Finance, Computer Information Systems and many others.

To earn the Mathematics minor, students must complete the courses listed below:

MA 121   Calculus I

MA 122   Calculus II

MA 233   Linear Algebra

Select three (9 credits): 200-300 level Mathematics (MA) courses
