

Admissions

Math Placement Exam

New students who have never taken a college-level math class are required to take and pass a math placement exam before entering MA 111 or MA 116. Students who do not pass or do not wish to take the placement exam must take MA 100 and successfully complete this course before entering MA 111 or MA 116.

Students must fulfill their basic English and math requirements within the first 36 credits of their degree. Students who plan to take a CLEP examination in order to fulfill their mathematics or English requirements also must do this within their first 36 credits of study. Students will not be allowed to declare their major until these requirements and all necessary prerequisites are satisfied.
