Academic Policies and Regulations: Registration, Grading and Cumulative Performance

Grade Point Average

As demonstrated in the example below, G.P.A is obtained by dividing the total number of honor points earned by the total number of credits attempted less any Pass or Pass/Option credits.

Grading Scale

Credits	Grade	Honor Points
3	A	12.0
3	C-	5.1
3	B+	9.9
3	B	9.0
Total = 12		Total = 36.0

Example: 36/12= 3.0 G.P.A.

"F" grades received in P/F courses, P/O, and PE courses are factored into the student's G.P.A.
