Healthcare Management Minor

(18 credits)

The Healthcare Management minor combines business management courses with healthcare courses that enable the student to learn how these basic management tools and skills are applied in a healthcare setting. Students learn business principles and skills essential to managing a healthcare business in the provider, payer, or insurance aspect of the healthcare industry. It is ideal for students interested in learning more about the U.S. healthcare system, including business, public health, public administration, and management.

To earn the Healthcare Management minor, students must complete the courses listed below:

BE 247	Healthcare Finance
MG 235	Healthcare Management
MG 308	Ethical Issues in Healthcare
MG 311	Introduction to Public Health
MG 312	Global Health
MG 336	Healthcare Law
