## Project Management, B.S.

---

### (51 credits)

The Bachelor of Science in Project Management, under the Tagliatela School of Business and Leadership, is designed for students to develop their understanding and expertise in the technical, professional, and strategic expertise necessary to lead projects successfully from inception to completion. The program prepares students for careers using their knowledge in a wide variety of roles and industries.

The Bachelor of Science in Project Management combines a liberal arts core curriculum and an interdisciplinary blend of managerial, computer science, legal, finance, business and communications courses.

Upon completing the program of study in Project Management, students will:

- Describe a project life cycle and map each stage in the cycle.
- Identify the resources needed for each stage of a project, including involved stakeholders, tools and materials.
- Develop a project scope while considering factors such as customer requirements and internal/external goals.
- Define and communicate “best practices” within the framework of project management.
- Discuss how organizational culture impacts a project.

### Accreditation

The Tagliatela School of Business and Leadership at Albertus Magnus College has received specialized accreditation for its business programs through the International Accreditation Council for Business Education (IACBE) located at 11960 Quivira Road in Overland Park, Kansas, USA. The IACBE grants accreditation for business management, public administration, accounting and finance programs only. Locations for program offerings are at the sole discretion of the Member.
